In this 10th Ranking of Socially Responsible Companies 2016, Grupa Azoty S.A. ranked 22nd, having moved up one place. Grupa Azoty PUŁAWY ranked 27th, having advanced from its 53rd place a year earlier.

In the 'industrial and chemical production' sector ranking, the Tarnów-based company ranked fifth, having outperformed some of its major sector competitors, such as Toyota Motor, Manufacturing Poland and Grupa Górażdze Cement S.A. Grupa Azoty PUŁAWY ranked 8th, ahead of Volkswagen Motor Poland, BASF Poland, Anwil and many other major players. It allows companies to compare their performance in various areas of corporate social responsibility, and is a valuable tool that helps them systematise and develop their CSR strategies.
